No. D. 1677—I. & C. 181-41, dated 26th September 1941.

The following Press Communiqué, dated 14th August 1941 issued by the Government of India, Commerce Department, on the Legislation of transactions in coffee, including forward sales is republished for general information.

## PRESS COMMUNIQUE.

## COFFEE CONTROL SCHEME.

It is understood that transactions in coffee, including forward sales, are likely to be entered into by owners of Coffee Estates on the assumption that legislation on the lines of existing Indian Coffee Market Expansion Ordinance will be undertaken but that such legislation would accord a measure of immunity from control to contracts for the sale of coffee for forward delivery. The terms of any such prospective legislation will be formulated in consultation with the coffee industry and it is not possible to forecast them at present.

The Government of India desire to emphasize that persons who now speculate upon the probable terms of any such legislation do so entirely at their own risk. If and when legislation comes, into force, representations for the special treatment of the transactions referred to above are not likely to receive any special consideration.
